STANDARD CONTRACTOR PACKAGE

What You Receive In Every Earthwork Takeoff

Delivered in clean, format-compatible files designed to drop directly into your estimating spreadsheets and Trimble / Topcon rover controllers.

CHANGE TO: "Clean PDF summary reports for your bid package plus exportable CAD and LandXML files ready for GPS machine control."

"Report"

CHANGE TO: "Visual Cut & Fill Heat Map"

Volume Summary Reports
Precise net dirt quantities required to hit your proposed subgrade.

~~Visual Color-Coded Maps~~
High-visibility surface grid overlays showing exact cut and fill ~~depths~~ across the entire site footprint.

CHANGE TO: "Volumes"

Visual Color-Coded Maps
High-visibility surface grid overlays showing exact cut and fill depths across the entire site footprint.

TIER 1 — UNDER 2 ACRES

Small Sites & Pads
Single-family lots, gas stations, fast-food pads, single warehouse pads.

$350 / ~~Flat Fee~~ "Starting"
2–3 Business Day Turnaround

- Net Cut & Fill Volume Summary (CY)
- ~~24"x36"~~ Color Cut/Fill Gradient PDF "22X34"
- ~~Elevation & Boundary Daylight Audit~~
- Shrink / Swell calculations included

Upload Plans for Tier 1 ($350)

MOST REQUESTED
TIER 2 — 2 TO 10 ACRES

Medium Developments
Subdivisions, retail strips, distribution centers, parking expansions.

$850 / ~~Flat Fee~~ "Starting"
2–3 Business Day ~~Guaranteed SLA~~ "Turnaround"

- Volume Breakdown by Individual Pad & Basin
- 50'x50' Cut/Fill Grid Layout ~~with Stationing~~
- Complete Civil 3D Surface Model Audit
- ~~Excel Export + Multi-Page Color PDF Maps~~
- Direct Phone Q&A with Takeoff ~~Engineer~~ "Estimator"

MOVE THIS LINE TO 'CUSTOM' TIER
